Easter footwear.

WE are prepared for the largest shoe business in our history. Queen Quality low shoes are carried in forty individual New York styles—designed with particular care to meet the most critical exactions.

While the women of New York care as little for the cost of their footwear as in other cities perhaps, it is remarkable to hear their enthusiastic praise. Our patrons are those to whom the price is of less moment than style, comfort and fitting quality.

"The nimble sixpence is better than the slow shilling," and where a person would ordinarily buy one or two pairs of ties at a fitting, it is no infrequent occurrence to fit four, five or six pairs to one customer, therefore it is good judgment to produce in large quantities—sell at close margins, in greater volume.

Call and see your favorite style last. We have every popular new or good old style last in our Pumps, Ties and Gibson **2.50, 3.00, 3.50** Ties.

WE have had many a sale of shirts at \$1 in which we gave our customers \$1.25 and \$1.50 shirts, but were never able to offer better qualities for \$1 than you get at 75c. to-morrow. That's saying a good deal when you consider that our dollar sales were based on tremendous purchases.

Every shirt fresh from its original box, just as prepared for shipment. Styles and patterns such as any man who is particular or even fastidious will recognize as superior to the ordinary \$1.25 and \$1.50 shirts.
